"After researching, I have decided my goal in college is to major in Family, Community, and Human Development with an emphasis on Child Life through the University of Utah to become a certified Child Life Specialist. Being a Child Life Specialist means I could work in hospitals and help children and their families cope with illness by bringing joy and fun to their hospital rooms."

"I've always been interested in art, and I feel as though I'm a very creative person. In middle school, I began getting more interested in physical arts as well as the liberal arts. As of now, I have taken a half credit of Graphic Design 1, and nearly a full credit of Graphic Design 2. I have finally found something I love to do, and I want to be able to make it to that place in my life. That is what Drives me."
